New and Improved Durian Fusion

Description
Southeast Asia is home to a number of remarkable fruits with unique phytonutrient profiles, including the durian, called the King of Fruits, and the mangosteen, known as the Queen of Fruits. The new Durian Fusion brings both of these majestic fruits together in one powerful supplement including whole-fruit purees and concentrates to enhance your life and support vitality.*

Emerging from the same Thai forests, and often grown by farmers on the same plot, nature meant for the durian and mangosteen to be together. In Asian cultures, the mangosteen represents cool and calm while the durian fruit represents heat and vitality—yin and yang. Natural balance. The mangosteen and durian fruit embody opposite but complementary qualities. That's why Durian Fusion is so powerful. It's the perfect union of the King and Queen of Fruits.

The new Durian Fusion contains a synergistic blend of fruit purees and concentrates to create a unique supplement. Neways scientists perfected the new Durian Fusion formula with durian and mangosteen, harmoniously fused with papaya, mango, guava, and lychee fruit. Each tropical fruit in this incredible blend complements your diet and supports your vitality.*

Durian Fusion releases the durian and mangosteen fruits in an effective form—a liquid formula including whole-fruit purees. While the individual components in foods may be important, whole-fruit purees contain unique compounds, which provide a spectrum of benefits. Durian Fusion delivers these incredible whole-fruit purees and concentrates for more goodness in every bottle.

Discover for yourself the balance of the durian and mangosteen fruits, and the vitality that Neways Durian Fusion can provide.

New and Improved Durian Fusion (continued)

Key Ingredients

**Durian**—traditionally known for its dietary fiber, phytonutrients, polyphenols, and flavonoids. The durian, known as the spiked treasure of Southeast Asia, has been revered for its unique properties for centuries.

**Mangosteen**—a rich fruit that is known for phytonutrients called xanthones. The mangosteen fruit has been used for years in traditional medicine in Southeast Asia.

**Tropical fruit blend**—a blend of tropical fruits, including guava, mango, lychee, and papaya. Each of these fruits has a unique phytonutrient profile.
